Message

The United States is the single largest market for Indian apparel. Over the last few years, the exports from India have registered steady growth. It is now time to ramp up the business to the next level.

I am very happy to note that we will have one of our largest ever presence at MAGIC.

India has also been designated as a focus country for this fair. I am sure, MAGIC will provide a good platform for Indian suppliers and American buyers to interact, and transact substantial business.

I extend my good wishes to all the Indian exhibitors as well as the visiting buyers.

Message

I am delighted to inform you that **India** has been declared as the **focus country** in this edition of **Sourcing at Magic** by the authorities!! Granting us this special status means that they have now recognized **India** as a very dependable, value added and compliant supply source! and the authorities have very aggressively marketed this to all the buyer's who are expected to visit the event spread over the next three days.

On our part, we at AEPC have raised the bar this time and have taken various new initiatives which have resulted in the highest participation in Magic from India this time, and I am sure we will have a great buyer turnout too! This indeed is going to be a defining moment for all of us.

I take this opportunity of wishing all the participants only the very best and extend my very warm welcome to the buyers and invite them to experience **The Magic of India!**
