Sub: Webinar on "Use of AI Smart Manufacturing: Transforming the Apparel Export Industry"

Dear Member Exporters,

The Apparel Export Promotion Council (AEPC), in collaboration with the Athena Infonomics, is pleased to organize a Webinar on "Use of AI Smart Manufacturing: Transforming the Apparel Export Industry".

The webinar is being organised with a special focus on the use of Artificial Intelligence (AI), digital technologies, and smart manufacturing to enhance productivity, operational efficiency, and global competitiveness in the apparel sector. Experts from Athena Infonomics will share practical insights on emerging technologies and other high-impact, trending business topics shaping the future of the apparel value chain

The webinar will provide an excellent opportunity for participants to:

- Understand the latest trends in AI, digitalization, and smart manufacturing in the apparel industry.
- Learn how technology can improve production efficiency, quality, and supply chain management.
- Gain insights into digital transformation strategies for enhancing export competitiveness.
- Interact with industry experts and technology practitioners during the live Q&A session.

Details of the Webinar:

Date: 13 August 2026 (Thursday)

Time: 3:00 PM to 4:00 PM (IST)
