Subject: Webinar on “Future-Ready Apparels Industry: Navigating Sustainability & Global Market Expectations”.

The Apparel Export Promotion Council (AEPC), in collaboration with Catalyst Management Services (CMS), is organizing a webinar on “Future-Ready Apparel Industry: Navigating Sustainability & Global Market Expectations” on 8th October 2026.

The webinar aims to provide practical insights into emerging sustainability requirements, data readiness and evolving global market expectations.

The webinar will focus on key areas relevant to the textile and apparel industry, including:

- Emerging global sustainability requirements and buyer expectations
- Sustainability data and Life Cycle Assessment (LCA) / data readiness
- Decarbonisation and resource efficiency
- Traceability and evolving sustainability expectations
- Emerging global market and regulatory requirements

The program details are as given below:

- Date: 8th October 2026 (Thursday)
- Time: 3:00 PM - 4:00 PM (IST)
